<sup>1</sup> Based on the starting semester, a student may take either FC 1101 and FC 1102 (spring start) or an open elective (fall start) first. The foundational courses (FC) are taken in sequence: FC 1101 and FC 1102 the first spring semester and FC 1103 the following fall semester.

<sup>2</sup> A student who does not complete the thesis by the end of the fifth program year and who requests and is granted a program extension must register for DT 1103 Thesis Extended Continuation each semester until the semester of completion. Is this something that happens?
